Understanding neuro-linguistic programming (NLP) can help you achieve excellence in your life, no matter what you desire. NLP is a proven and potent method for achieving what you want in your life. It requires a disciplined approach to communication, and to personal and professional development. NLP also explores the connection between neurological processes (“neuro”), language (“linguistic”) and experiential behaviours (“programming”).

WEDNESDAY (DAY1):

SUCCESS PRINCIPALS, THE SECRETS OF RAPPORT AND MASTERY OF BOTH CONSCIOUS AND HYPNOTIC LANGUAGE

Imagine if you could apply a set of success principals that would ignite the actualisation of your goals? Imagine if you could structure language in such a way, that in order for them to make sense of the sentence, they would have to follow exactly what you asked them to do? If you had this power, how would this affect the results in your life and business? If the quality of our life is the quality of our communication we have with both ourselves and others, then what would it mean for you to master that skill?

- **Learn** the basis of NLP. This includes the fundamental beliefs that allows you to begin to choose the empowering Mind Mastery Model and leave behind the Mind Servitude Model.
- **Identify** and take control of the intricate connections between your mind, your emotions and your behaviour. This is the clearest and easiest model of how people learn, communicate and evolve themselves.
- **Learn** the 5 Principals of Success to apply in your life and business that has been used to create an average increase of \$10000 per month for one of our clients and another client who has increased his income from \$400 /month to \$8000 /month in 8 weeks.
- **Learn** how to set goals and always achieve them.
- **Discover** how to build rapport to create instant liking and agreement at the unconscious level to influence the other person beyond their conscious awareness. Can be applied to friends, family and even people you don't know either in person or through the phone.
- **Immerse** yourself in the science of language and communication. Learn how the brain and nervous system processes words so that you can master the conscious use of language and hypnotic language patterns for desired effect. It is known that the most powerful communicator will always control the situation and outcome. This can be applied to teaching, business, therapy or in just everyday life.

...You'll test, practice, rehearse and amaze yourself. But, most of all... you'll grow.

THURSDAY (DAY2):

THE POWER OF STORY TELLING, MASTERING YOUR STATE AND THE SECRET PROGRAMMING SOFTWARE TOOL OF YOUR MIND

Telling effective stories (metaphors) in life, business, therapy, and in education gives you the ultimate tool to create change at both the conscious and unconscious level. Leaders have it and use it with volition. Anchoring is a process you will learn to control your feelings and your state of mind along with its other powerful functions. We will also teach you Submodalities which is the secret programming software of your mind.

“Storytelling is the most powerful way to put ideas into the world today”

-Robert McKee

- Discover how to use metaphors (stories) to pace and lead the other person's behaviour towards a desired outcome
- Find out the inner encoding mechanism of your brain and take control of it
- Get rid of unwanted behaviours (like eating the wrong foods) using Submodalities.
- Learn to create a sequence of instructions to modify your disempowering beliefs through a Submodality shift.
- Un-useful emotional responses? Discover how to change them with the Swish Pattern
- Master how to create your feelings and your state of mind through the power of Anchoring, rather than be controlled by it.
- Learn how to set up a personal trigger or stimulus which can move you in a specific direction
- Discover how to free yourself from an unwanted internal response to some (past or present) external trigger, like someone's voice
- Find out how to link your strong personal resources with your ability to access them whenever you want
- Wipe out procrastination forever

“Mind is the matrix of all matter” -Max Planck

FRIDAY (DAY 3):

THE FORCES THAT SHAPE OUR BEHAVIOUR

What is it that causes most people to have too much money at the end of their money? What is it that causes some people to lose weight and keep it off while others battle with it their whole life? Why is it that we can become totally attracted to some people and others feel an emptiness of chemistry?

The answer is Strategies!!! Strategies are how we control the mental sequence of internal processes to create specific results. On this day we will determine what strategies are and find out our strategies to attract the partner we desire, keep the spark in our relationship and find out what causes us to buy and make certain decisions in everything we do!

How do we blow out procrastination and ignite motivation to achieve our goals? We will teach you how to do a process called “chaining anchors” so that you can ignite your motivation anytime and anywhere!

When we are communicating, how do we handle objections when someone clearly is not buying what we are selling, whether that be our beliefs, a product or a service? This will be conquered through the art of Reframing!

On this day you will:

- Learn a step-by-step process for how to elicit, utilize and install the best strategies to consistently achieve any result you desire.
- Did you know? We have a strategy for EVERYTHING we do. This applies to learning, motivation, procrastination, stress, anxiety, public speaking, communication, sales, happiness, health, disease, boredom, wealth, depression, fun, love and sex. What if you could discover how to change your strategies at will in yourself and others... permanently? AND apply this to your life and business? We will show you how to dismantle any disempowering strategies that hold you back.
- Master the Art of Reframing! How do we handle objections when we have a message we want to communicate and the other person is just not buying? How do we influence people beyond the conscious level by changing the way they represent words in their mind? Today we will teach you how to be the most flexible communicator and create changes in the minds of your clients in Therapy, Business or in Everyday Life!

FRIDAY (DAY 3): (continued)

- Discover how to dissolve parts at the unconscious level using what is called a “Parts Integration” and remove the inevitable inner conflicts that prevent us from taking consistent action towards our goals. This is an extremely powerful technique for people who are in “two minds”. E.g. “I want to lose weight but I don’t want people to see me exercise, I want this but I’m not sure or I can’t decide between these two things.”
A part always has a certain behaviour that it produces and it blocks up the flow of neural network information. It is FANTASTIC for people who have inner conflicts at the unconscious level.

“We can’t solve problems by using the same kind of thinking we used when we created them.” - Einstein

SATURDAY (DAY 4):

THE BREAKTHROUGH (PART 1) + THE SCIENCE OF SELLING

To sell comes from the Greek origin “to serve.” We are all selling something - whether that be an idea, a product or a service. In business, the person who understands the process of selling best will always influence the other person. What is it that causes us to buy or not buy? We will look at the forces which cause us to make a decision to buy and use the science of communication to have you become a master seller, no matter what idea, product or service you are selling!

Do you have a product or service you are selling or would like to sell? What if we could show you a way to influence the other person at the unconscious level so they do exactly what you want them to do? Are you being paid for the **real** value you add to other people’s lives?

We will teach you the Ultimate 5 Step Sales Process that has been modelled from the Top Sales Masters in the world! It has been used by our clients who have doubled, tripled and absolutely exploded their income!

What causes someone to dwell on the past and worry about their future? Why is it that you can be listening to a song on the radio, or be walking down the street or see a particular person and have a powerful or painful negative emotion be triggered in your body? This is your unconscious mind saying it is ready to release your negative emotions from the Past!! Today we will teach you THE MOST POWERFUL technique to remove negative emotions from the past that is even used in what is called “The Warrior Program” in the UK for those ex-militants of War who have experienced extreme emotional trauma in battle. This technique has also been endorsed by Prince Charles as the effective technique to dissolve these emotions! You can either be free from your past or a prisoner of it.

“If you do what you’ve always done, you’ll get what you’ve always gotten.”

On this day you will:

- Integrate all of the NLP patterns for clarity and purpose!
- Learn the NLP Model of Therapy to transform your life and the lives of others
- Wipe out limiting beliefs, fears, anxieties and negative emotions of the past using the world’s most effective tool called “Time-Line Therapy.” This tool is scientifically proven to remove all these blockages from your nervous system!
- Remove any anxieties and negative emotions from your past that hold you back or stop you from experiencing the happiness you deserve! Your nervous system stores negative emotions from your past and blocks energy flow and inhibits the body’s own self healing mechanisms. We have seen clients’ physical bodies transform using this **technique!**
- Conquer and completely wipe out your fears that stop you from unleashing your power!

SUNDAY (DAY 5):

THE BREAKTHROUGH (PART 2) + CREATE YOUR FUTURE

Now that you've conquered your fears, cleared those anxieties and removed any negative emotions from the past, it is time to destroy those limiting beliefs and limiting decisions that stop us from living the life we deserve. We will also create the future of your desires and use a proven process to activate your goals into your nervous system so they become absolutely guaranteed to take place! Today you'll leave with a clear understanding with what you want in your life, make fundamental decisions and create your future exactly the way you want it! Clarity is Power!

On this Transformation Day you will:

- Learn the Model of Therapy to create permanent change in your clients
- Remove limiting beliefs and limiting decisions from your nervous system. E.g. Money is evil, I am not good enough or I don't deserve the money I want
- Discover how to remove phobias in 10 minutes or less
- Find out the most powerful goal setting process that activates goals into your nervous system, so they are absolutely guaranteed to take place!
- Learn how to become an NLP Coach to create a successful business for yourself and others

Luke Hawkins - Your Success Coach!

Luke Hawkins has often been called a 'motivational person' – but, as he says himself, 'motivation' may only have a temporary effect. What Luke is committed to is what produces results - permanently. He lives to see others transform!

Luke's Own Life

Luke Hawkins' passion for living life to the fullest has allowed him to travel the world, living the UK, Europe, travelling to the USA and living in Argentina. He has seen from his experiences overseas that all humans are "geared to survive and everybody is doing the best they can with the resources they have available" and "People can take away your things, but no one can ever take away who you have become."

His passion for Personal Development started while in Buenos Aires, Argentina when he knew he must achieve his goal to become fluent in Spanish. However it came to the point where he had no money and only once choice, to do whatever it takes to stay in Argentina or pack his bags and go home? He decided to commit 100% to doing whatever it took to create a successful fitness company and found the answers in Tony Robbins Books using NLP to grow his fitness company 400% within a 5 month period, making it the fastest growing outdoor fitness company in Buenos Aires.

Since coming home to Australia, working in a job as a school teacher which was not fulfilling him, after a relationship breakdown, feeling low and at rock bottom he knew the only way to create a life of happiness in Australia was to do what he loved and master the tools of transformation to create change in others. He knows what it takes to succeed and knows how to empower and teach you how to do it for yourself! He has since worked with 1000's around the world.

What his Clients Say....

“The feeling I have right now is phenomenal. Inspiration, power and excitement. The feeling that I can do anything! And its only been 5 days. I know you must do this course. Everyone deserves to have this empowerment to do what they want. Since learning NLP with Luke the profits of my hair salon business have increased 10 fold. Unbelievable! Thank you Luke!”

Kristie Charlton, Wagga Wagga, NSW (Owner of Best Hair Salon in NSW of May 2015)

“I had my first coaching session with Luke after joining a new network marketing business. This was around June time when my first pay for that month was around £200. We spoke about what I wanted to achieve, my goals and how I was going to achieve it, what was holding me back and what pay I wanted for the month of August. I set a goal of £3000 by August which was going to be two months after the call I had with Luke. I have now found out my wage for August not only have I achieved that figure but I am 1k over the figure! Can not recommend him enough and I will be booking in more sessions with Luke going from £200-£4k in two months is incredible!! Can't wait for the future thanks Luke!!”

Molly Bailey, United Kindom

“I saw Luke for the first time on 3/1 and again on 10/1. I needed and wanted help with my chocolate and sweets addiction. Luke worked through my “issues” patiently and I can now say that after 3 months I have not consumed ANY chocolate or sweets. This was a massive achievement for me as I was eating at the very minimum a family sized block of chocolate every day over a period of 10 years. Based on that I have not consumed over 18 kilos of chocolate since January! I have also saved over \$30 per week since then which is about \$360. Luke has kept in contact with me throughout this journey but I now feel that I can keep on this positive path for as long as I choose. It is great to be in control of my choices again. Thankyou Luke”

Lisa, Caringbah, NSW
